Hi all – oops, we didn't need to send this to Bruce for approval. I forwarded it without thinking, and Bruce noticed that he didn't really have anything to approve. The box for approvals by Peer Review Coordinator and Decision Maker is for ISI and HISA documents. As an "other" we just need to save the documentation of that decision, no approval needed.

Hi Emily et al.

Attached is a peer package for the RAF Draft *Planning and Problem Formulation for Cumulative Risk Assessment Guidelines*. It was reviewed and signed off by the STPC.

Attachments include:

- Routing Slip;
- Peer Review Decision Summary Documentation (requires Bruce approval);
- CRA Guidelines External Review Draft;
- CRA External Peer Review Questions;
- Action Memo to Bruce;

Would you please put this in the queue for Bruce to review and hopefully approve? Thanks.
